BUTTE FALLS HIGH SCHOOL

October 3, 1986

A NEW LEADER

By Ed Flaa

The seventeenth day of April in the year 1945 a son was born to William and Mary Catton. His name is Jack. While he grew up, he had the ambition to become a teacher and teach for the rest of his life. Well, he is now known as our principal of Butte Falls High School.

Mr. Catton received his bachelor degree from Cal Poly. He then attended the University of California to take his fifth year of teaching. Then to finish his education, he went to the University of Oregon where he received his Masters degree.

Mr. Catton has been an acting principal in two other school districts. He would take over as principal when he or she was gone. Then he decided to become a principal. He looked for a principal job until he was notified from Mr. Hascal, a friend of his, about the job way up in a small town called Butte Falls. Well, as you know, he accepted.

He wishes to have the future of our school be oriented to have positive accomplishments. He also would like to see the students set goals for themselves academically and career wise that will be challenging and interesting to them so they can grow and develop. At this time, he has no new rules, but feels rules should be reasonable and everyone should respect and honor them.

He wishes to have the future of our school be oriented to have positive accomplishments.

A POSTIVE APPROACH TO EDUCATION:

An Interview with Mr. Kohl
By Julie Catton

Butte Falls new Superintendent/Elementary Principal, Jim Kohl, comes to us with enthusiasm and extensive experience in education. A graduate of the University of Idaho, Mr. Kohl brings 26 years of experience in education of which 18 of those years have been spent in administration.

Before coming to Butte Falls School District, Mr. Kohl held the position of Superintendent/Elementary Principal in Mapleton, Oregon.

When asked to describe Butte Falls in one word, Mr. Kohl responded with a definite "beautiful!"

In his leisure time, Mr. Kohl finds hunting, camping, and traveling very enjoyable. He also likes sports and has coached various sports for a number of years. When asked what certain things he would like to see changed if he were the president of the United States, Mr. Kohl suggested that our country be one in which all people have a job and are able to enjoy all the things that our great country offers.

As part of Mr. Kohl's postitive approach to education, he has set the goal of maintaining excellence in the schools and taking part in it.

As a final note to the students, Mr. Kohl reminds us that we are very fortunate to have such a supportive staff and community, and that we need to take advantage of what is offered within our school district.

EDITORIAL

LUNCHES NOW ALLOWED IN DESIGNATED CLASSROOM

By Julie Catton

There has been much controversy about the rule of eating in the school during the lunch hour. Legally, the state law requires that there must be a teacher on duty if the students are to be allowed in a classroom during lunch time. Mrs. Mason has willingly offered her supervision and room for the students to eat their lunches in during the winter months.

We all need to show our sincere appreciation and gratitude to Mrs. Mason for volunteering her lunch time for the benefit of the students.

LET'S KEEP IT CLEAN AND KEEP THIS PRIVILEGE!

Thank you, Mrs. Mason!

"THE FUTURE"

Jack Catton, Principal
Butte Falls High School

We are here in high school building our future. "The Future" comes upon us so fast that it is always a surprise, even though each day is much like yesterday--a duplication of the day before. And yet as each new dawn arrives, our life is shortened and we have one less day to help us become what we would like to be. In the summer months, we've sat on the grass and gazed at the blue sky and watched the parade of clouds march across the vast expanse. Without any effort it is easy to allow ourselves to drift through life very much like those summer clouds. And yet when we allow ourselves to drift through life, we let the days come and go, not taking the opportunity to make our own positive decisions to become what we are capable of becoming.

In order to build our future we must have an idea of where we expect to be in 5 or 10 years. We all have choices concerning the direction we want our lives to take. But we only have control of our direction if that choice is exercised.

It is simple to make no decision. There is no effort or exertion needed to just go along from day to day. The effort comes when we take hold of ourselves and vow that we will not settle for what life gives us, but rather that we will go after life and make sure that life gives us what we want from it.

Here are some words that are worth thinking about on our journey through life: Goals, Persistence, Standards, Confidence, Courage, Expectations...

* * * * *

The Evergreen accepts guest editorials and letters to the editor. Anyone wishing to put an editorial or a letter in the paper, contact a staff member. Letters must be signed.

When asked about wearing shorts or any exotic type of clothing, he said, "If you ask me that on a beach or during summer just messing around, I think it's neat but school is to ease teenagers into adulthood and when they get jobs they will most likely have to obey certain dress codes and I want to prepare them for it now." He also wants to make sure that we know that he is not against activities which require shorts or exotic clothing, but on a normal day he would rather have us be reasonably dressed.

He feels the students at Butte Falls High School are neat, happy, interesting, and serious. The teachers are conscientious in duty and are good teachers to help kids have the best education.

Then I asked him about not being able to eat in the building and he commented that there is a cafeteria, a park, and other places to eat at, so that we can keep our school clean and not have people either accidentally or on purpose drop food on the floor where it gets smashed into the rug.

Mr. Catton has a wife, Joyce, and three children. Jack, the oldest, is 20 and is a student at Willamette University. Jill, 18, is also a student at Willamette University. Then there's Julie, a junior, who we all know as our Butte Falls High School classmate.

I would like to thank Mr. Catton for this interview and with everyone in our school, we wish you a happy life and the best.

NOTICE

Doug Miner will be at Butte Falls High to take orders for seniors caps, gowns, and announcements on Tuesday, October 14.

Seniors be sure to bring your order forms and money.

WAS THERE A TRADER AMOUNGST US AT ONE TIME?

By Ed Flaa

One of our classmates who is leaving us is Jennifer Olmos. In her opinion, she is getting a better deal because she misses being at bigger schools. She also decided to go to Eagle Point because her schedule is not arranged as she wished, and she wanted more variety of classes to take. For example, she wants to take Chemistry (at her choice of period), Drama II, Aerobics, and German. She also likes having a counselor to go to when she needs to talk to somebody. Some other reasons for her wanting to go are track, guys, friends, cafeteria food (you get to choose your own food), and the spirit of enthusiasm.

Jennifer still lives here, but she does not have to pay the school tuition. She does not plan on coming back to Butte Falls High School. Well, I wish you the best of luck, and hope you have a fun time at your new school.

- 31 End of nine-weeks

NEW STUDENTS

NEW STUDENT - JULIE CATTON

HERE'S KEP KRAMER

This year there are six new students in our high school. One of these students is the principal's daughter, Julie Catton. You've probably seen her roaming the halls, but you can also find her in the gym after school practicing volleyball. She is one of the starting setters for the girls' volleyball team this year.

Julie is a 5'7", blue-eyed junior with shoulder length hair. She was born in Fontana, California on February 8, 1970, and has recently attended Oakland High School.

Over the summer, she vacationed in Mexico and Shasta. Her move to Butte Falls has her missing friends, but she likes it so far. Julie has few dislikes and no pet peeves.

Here are a few things to know about Julie:

Color: blue
Car: Porsche
Food: anything
Flower: rose
TV show: Family Ties
Actor: Tom Cruise
Actress: Molly Ringwald
Song: Point of No Return
Group: NU Shooz/ Madonna
Time: 10:00 p.m.

In the future, Julie wishes to win the Lottery and go to college in Santa Barbara where she can major in communications. Good luck and have a good year.

Last year Kep Kramer attended four different schools, three of which were in Nevada. The most recent school was Shady Cove where Kep was there for about five weeks.

Kep is 15, and was born in Dayton, Washington, on the 27th of December. Kep seems to like smaller towns better than bigger ones.

Over the summer Kep lived with his dad at Willow Lake. They recently moved into town.

Now after school, you can find Kep riding his bike all over Butte Falls. If things turn out right, Kep will be playing baseball and basketball later in the year.

Here are a few of Kep's favorites:

Color: blue
Food: anything but liver
Number: 16
Time: sundown
TV show: McGyver
Actor: McGyver
Actoress: Loni Anderson
Saying: cencered
Problem: none at all

* * * * *

THIS IS LYNETTE ROSENBAUM

Lynette was born in Hayward, California, on February 2, 1972. She recently attended San Ramon Jr. High School whose enrollment is about 2000 students. So far she likes Butte Falls, but misses her old friends a lot.

Over the summer Lynette spent her time moving. But she did manage to go to three concerts: The Cure, Depeche Mode, and The Smiths. In her spare time, she would go shopping and hang out with friends.

Here are a few of Lynette's favorites:

Color: black/burgundy
Number: 7 and 13
Actor: Judd Nelson
Actoress: Molly Ringwald/Ali Sheety
Saying: Oh my GAWD!
Song: Candy Man/Cities and Dust
Group: The Cure/Depeche Mode
Class: Health
TV show: Cosby Show

S P O R T S

LADY LOGGERS DOMINATE ROGUE RIVER TOURNAMENT

By Julie Catton

The Lady Loggers opened their season with a victory win at the Rogue River Prep Volleyball Tournament on Saturday, September 6.

Early Saturday morning, the girls volleyball team travelled to Rogue River with hopes of improving their skills, working as a team, and getting some good experience play. The Lady Loggers did that as well as emerging with the tournament championship.

Starting the day with a 15-12 win over St. Mary's, the Lady Loggers continued their winning streak, to finish the day with a 6-1 win/loss record. Eight teams attended the invitational tournament.

According to Ms. Monahan, the girls team played the best she's ever seen them play since coaching here at Butte Falls. "The girls played smart and aggressively. Their experience and maturity showed."

Varsity players participating in the tournament included Heidi Stritenberg, Angie Ellis, Kathy Dalton, Carrie Stritenberg, Gerrienne Huey, Julie Catton, and Julie Wallace.

SCORE BOARD:

St. Mary's 15-12 W
Crater JV 15-4 W
Rogue River 15-7 W
North Valley 15-7 W
Mrytle Point 15-13 W
Douglas 15-4 W
North Medford 12-15 L

LOGGERS VARSITY DEFEAT BULLDOGS

By Julie Catton

After a long two hour bus ride to Butte Valley, California, the volleyball players took over the court and livened up.

The JV team played a tough three matches against the Butte Valley Bulldogs. The JV team played smart and had some great volleys, but unfortunately came up with a 1-2 loss.

The varsity team, on the other hand, took home a win against the Bulldogs. The final scores were 15-1, 15-13, and 15-8.

VOLLEYBALL

By Kathleen Boyd

They were 23-3 and they came in third at district. The lady loggers volleyball team did well last year, but they were still developing.

Laura Wesley was the only senior they lost this year. Coach Kim Monahan says everyone has improved on their game.

Julie Catton, a junior, is a transfer this year from Oakland. She will be very helpful in the setting position they lost when Laura graduated.

Team member, Gerrienne Huey, says that she thinks the team will do fine. One of her goals for the season is to work as a team. Her other goal for the team is to work as a unit and go to state. I asked her who she thought the toughest team would be and she said, "Us, we need to get over not working together." Gerrienne plays all positions except setter.

The team says, "We're aiming for one important day, and that's the district playoff's."

BUTTE FALLS OVER PROSPECT

By Julie Catton

Coming in from the freezing rain, hail, and wind, and the excitement of the boy's victory win over Prospect, the Lady loggers began to warm up for their own volleyball match against Prospect.

The excitement of the football game spread across the court. The girls were pumped and ready to play, finally taking the first game 15-2 and the second game 15-7. Good efforts were shown by all.

FOOTBALL

THEY WERE WHIPPED GOOD

By Ed Flaa

In the game against Paisley, on September 12, many events happened. For example, Tom Dunning was ejected from the game with only five seconds left to play. It started when Tom tackled a player, and, in Toms' words, "he kicked me in the shoulder pads, jumped on me, and the words flew. I then grabbed his face mask and hit him." After that, the Paisley team piled on top of Tom. During the game, he did well. He had the most tackles and he recovered a fumble.

After the original four quarters were over and the score was 66-16 in our favor, they decided to play a fifth quarter so that all of the Junior Varsity could play. Jimboy played quite a bit. He tackled a running back, stripped the ball away from a player, and quarter-backed (part time). Buzzy kicked off at the beginning of the fifth quarter.

Even though the team was scared at the beginning of the game; Tom was attacked, Toby and Jimboy tackled a player by one of them on each of the players legs; and Sean got an "owie"; two of the cheerleaders didn't even know who was winning throughout the game; our team still pulled through with a large win. Great going team!

BUTTE FALLS vs PROSPECT

By Angie Ellis

A certain course of history was changed on September 19, 1986. The Prospect Cougars had pretty much dominated football in the past. They had won every game they played against Butte Falls since 1973. That's 13 years! Not this time. The Loggers were picked to win this year.

The sidelines and stands were filled with spectators from both sides. Rivalry filled the air as opponents watched their adversary being called onto the field.

The first kick of the game flew into the air and not even two minutes later the Loggers had scored their first touchdown. The cougars weren't to be taken lightly and came right back to tie the score. After the first Logger touchdown (continue next column)

the boys were too pumped and nothing was going to stop them now. Not even the rain and hail that was pouring down well before half-time couldn't slow down the tempo of this game. Thirteen years of broken pride was renewed in the two cold hours it took to win one of the best games of the year.

Good job guys, we're very proud of YOU!!

FOOTBALL

By Kathleen Boyd

The Butte Falls football team expects to have a great season. Coach Jack Brown says, "We are going to come in first in the league." Coach Brown commented on how all the players are outstanding and that they are all mentally ready for a great season.

The football team has nine experienced, returning players. They also picked up four freshmen this year.

I talked to two freshmen players, Jimboy Todd and Toby Hoppes, about the team. I asked them how they thought the team would do, and they both said, "Great." They also said that their goal for the season was a stick award. Jimboy said he thought the toughest team they would play would be Prospect or Elkton; and Toby agreed. Toby Hoppes plays cornerback or guard, and Jimboy Todd plays defensive end.

Last year, Prospect came in first and Days Creek came in second in the league, but this year we hope to be right up with them. Lets cheer them on to the playoff's.

FOOTBALL SCHEDULE

Friday	Sept. 5	Camas Valley
Friday	Sept. 12	Paisley
Friday	Sept. 19	Prospect
Friday	Sept. 26	Days Creek
Friday	Oct. 3	Camas Valley

HAVE A BALL!

ORGANIZATIONS

NEW CLASSES

Advanced Health by Kathleen Boyd

A new class this year is Advanced Health, which is taught by Ms. Monahan. There are eight students in the class and all but one are sophomores.

Ms. Monahan has high hopes for the Advanced Health students to make a Health Newsletter. She also would like to take Blood Pressure Readings, give Community Information Resources, update on health information, and teach athletic taping and methods of preventing "owies."

I talked to two of the students in the class, Trisha Johnson and Sandra Brown. When asked how they liked the class, they both said that they liked it and they think it will be a lot of fun. Then I asked how they think the semester will go. Sandra said, (not very excited). "I think it will go OK." "If we do all the things we said we are going to do, it should be pretty fun," was Trisha's answer. Lastly, I asked what the funniest thing, they thought happens in class. Trisha said, "The stories that come out during class discussion." Sandra said, "I like the way we get off the subject so easily and so much."

Being a student in this class, I feel that this semester in Advanced Health will be a lot of fact finding and fun.

* * *

STUDENT BODY OFFICER ELECTIONS

By Julie Catton

Lots of interest and enthusiasm was shown in this year's student body elections. The great turn out of candidates for each office, helped in making this year's election week a success.

Candidates for President included Bill Boyd and Angie Ellis. Running for the office of Vice President were Julie Catton, Jay Dunn, GerriAnne Huey, and Jeff Rambo. Tom Dunning and Heidi Stritenberg were the candidates for the office of treasurer.

This year's secretary was a write in candidate.

CLASS OFFICERS

By Julie Catton

Class officers were elected for the 1986-87 school year on Tuesday, September 23. Congratulations to the following newly elected officers, and the best of luck this year:

SENIORS:

President-----Bill Boyd
Vice President----Eric Vorbeck
Secretary-----Mildred Ayer
Treasurer-----Jay Dunn

JUNIORS:

President-----GerriAnne Huey
President-----Mike Rodgers
Secretary-----Robin Cool
Treasurer-----Natona Holm

SOPHOMORES:

President-----Ed Flaa
Vice President----Tom Dunning
Secretary-----Julie Wallace
Treasurer-----Trisha Johnson

FRESHMEN:

President-----Billy Smith
Vice President----Jimboy Todd
Secretary-----Toby Hoppes
Treasurer-----Nicki Foster

* * *

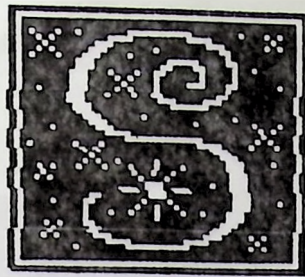

On September 17, each candidate presented a speech to the student body, offering their thoughts, ideas, and suggestions to the school. The following day, September 18, the elections were held.

Congratulations to our new 1986-1987 Student Body Executive Officers:

President.....Angie Ellis
Vice President....Julie Catton
Secretary.....Robin Cool
Treasurer.....Heidi Stritenberg

Good luck to our new Student Council Executive Officers!

School's in!

SENIOR

WILLIAM DUDLEY BOYD

William Dudley Boyd (Bill) is one of the senior highlights in this month's Evergreen. Bill has been in Butte Falls for seven years. He was born in Port Harbor, California, on August 29, 1968. Bill is 5'11" and has blond and brown hair with brown eyes. Some of Bill's favorites are:

Food: Oriental
Time: From 10:00 p.m. to 2:00 a.m.
Place: Salzburg, Austria
Actor: Matthew Broadrick
Actress: Kelley LaBrock
Teacher: Mr. Lin
Pasttime: Spending money and watching girls.
Car: Porsche 959 (Herbie)
Sport: Tennis
Color: Burgundy
T.V. Program: Moonlighting
Saying: Hey dude whats up!
Hobby: Spending money on Herbie
Group: Eek-a-mouse
Song: Iree land
Pet Peeve: All the time in the world and nothing to do.
Biggest Problem: Not enough money
Feeling about Graduation: "stoked"

After graduation, Bill plans to move to Australia and work for awhile and then start school.

Bill wants to be a Chef and hopefully one day own his own Gourmet Restaurant. We wish you all the luck Bill.

TONYA LYNN ANDERSON

Tonya Lynn Anderson is our other senior highlight in this month's Evergreen. Tonya has been in Butte Falls for nine years. She was born in Medford, Oregon on June 30, 1969. Tonya is 5'4" with strawberry blonde hair and green eyes. Some of Tonya's favorites are:

Food: Pizza
Time: 6:00 p.m.
Place: Australia
Actor: Bruce Willis
Actress: Deidre Hall
Teacher: Mr. Williams
Pasttime: Being with friends and lounging around.
Car: Anything American made.
Sport: Football
Color: Maroon
T.V. Program: Moonlighting
Saying: Get out of my face
Hobby: Listening to music
Group: Loverboy
Song: Friends and Lovers
Pet Peeve: Mohawks
Biggest Problem: Not enough money
Feelings about graduation: excited but scared.

After graduation, Tonya plans to work for one year and then move to Bend and go to School at COCC. Good Luck Tonya!
